Dear Felix,

RE: APPLICATION FOR A SOFTWARE DEVELOPMENT INTERNSHIP

I am Shadya Obuya, an entry-level software developer. I am writing to express my interest in securing an Internship position at Africa Sokoni.

I am impressed by how Africa Sokoni is at the forefront in ensuring customers and retailers can interact in a stress-free online platform. The easy-to-use platform has played a vital role in making shopping easy for consumers. Being part of the Africa Sokoni team will help me grow my skills as well as be part of fostering growth within a rapidly growing ecosystem.

Currently, I am working on an e-commerce web application in Django. I'm also taking a cloud computing course; AWS Certified Cloud Practitioner which will provide me with relevant skills to work in the e-commerce industry.

Regards,

Shadya Obuya.
